

MERCEURY

'91 GRAND MARQUIS

**A GRAND
EXAMPLE OF A
FULL-SIZED
AMERICAN CAR.**

It's big. In fact, Grand Marquis offers more interior room than 98% of today's automobiles.

Yet Grand Marquis' comfort comes from more than sheer size. Slip into its spacious interior and you'll discover such elegant touches as twin comfort seats with dual recliners, two-way headrests and individual armrests.

Throughout, you'll find many other features that characterize this traditional full-sized American car. Underneath the hood is a powerful 5.0-liter V-8 engine with electronically controlled sequential multi-port fuel injection. Other full-sized features include solid full-frame construction, power brakes and nitrogen gas-pressurized shocks.

A car of this stature demands a closer look. We invite you to read on and learn the many features Grand Marquis has to offer.

Grand Marquis LS interior in Shadow Blue cloth. Some features shown may be optional. See option list on pages 14 and 15.

Grand Marquis LS sedan in Light Crystal Blue Clearcoat Metallic with optional Carriage Roof. Other features shown may also be optional. See option list on pages 14 and 15.

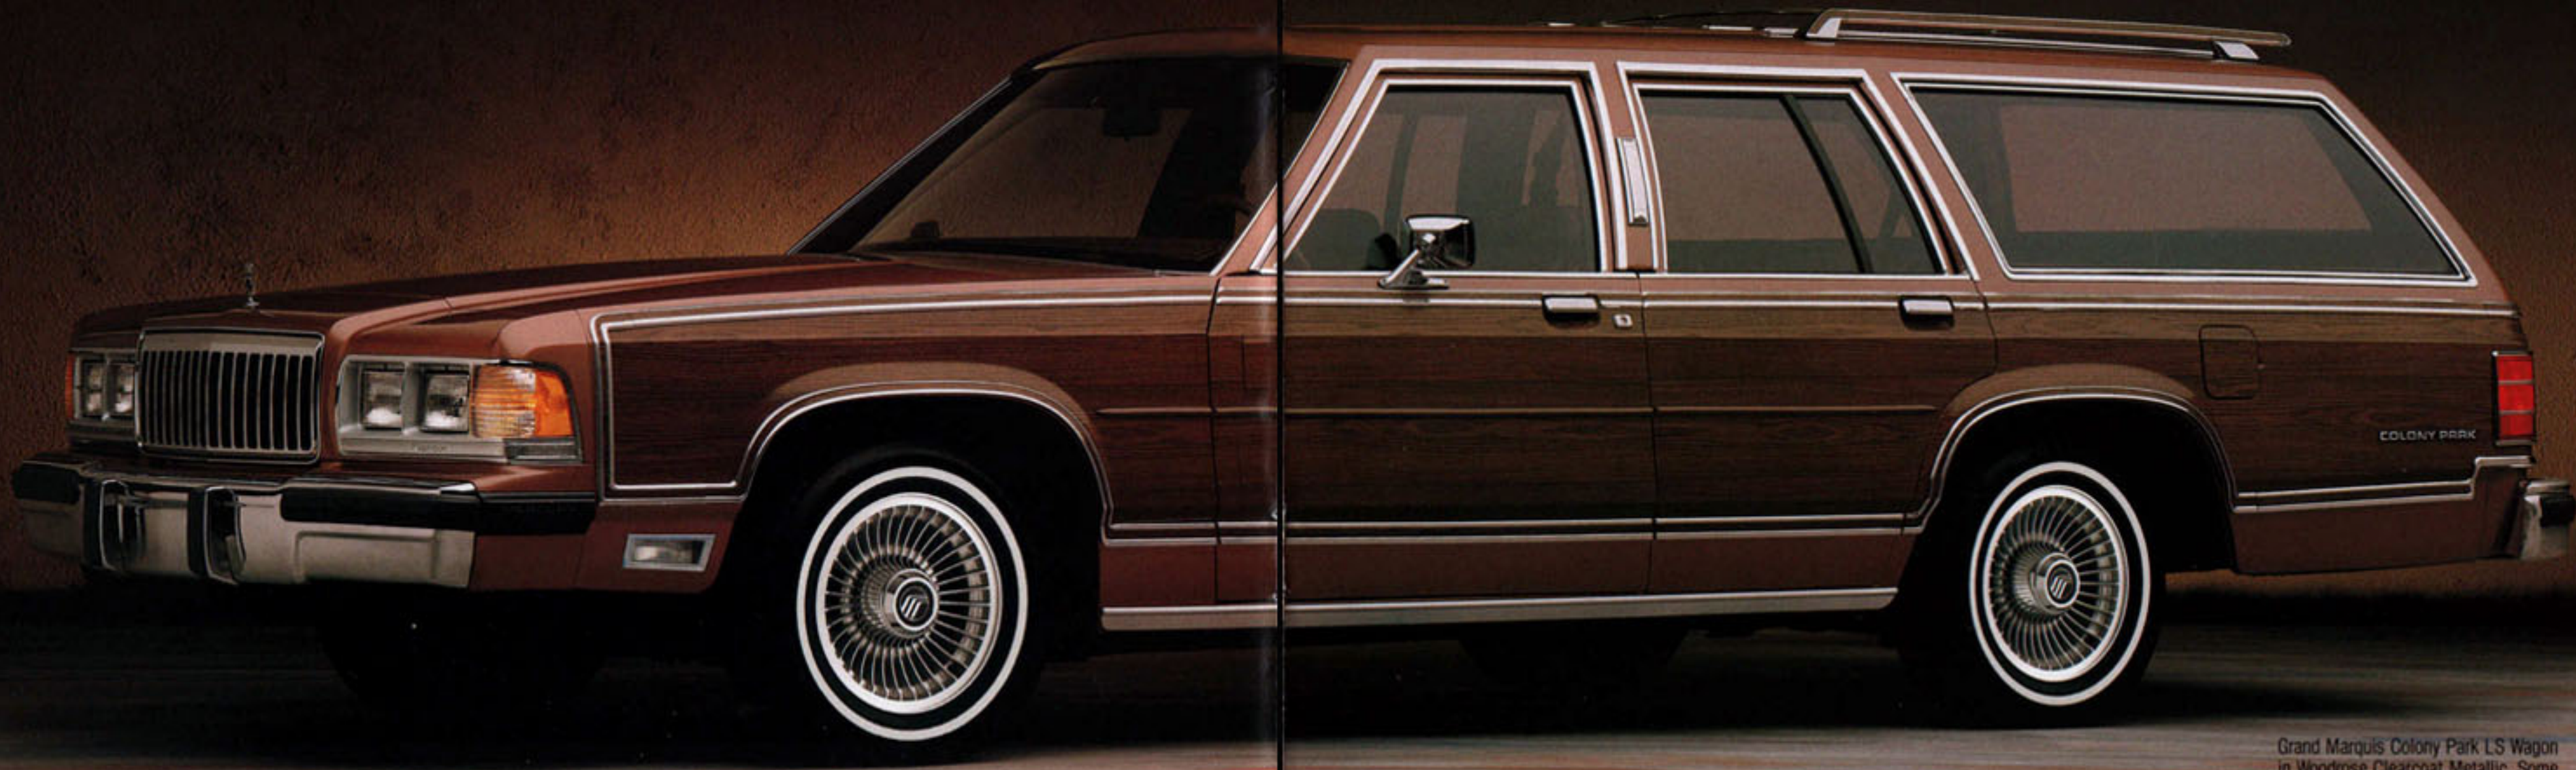

**IT PUTS YOU IN
THE WIDE OPEN
SPACES EVEN
BEFORE YOU TURN
THE KEY.**

Grand Marquis Colony Park Wagon offers abundant space inside for passengers, for cargo, or for both. Ample room for six passengers can be increased to eight with optional inboard facing rear seats. Or fold down the rear

seat and utilize an impressive cargo area that's over seven feet long and four feet wide. A three-way tailgate makes loading and unloading easy. For additional carrying convenience, there's a deluxe luggage rack located on

Colony Park's roof. An automatic load leveling option helps maintain proper ride height, even with a full load of passengers or cargo.

Grand Marquis becomes an ideal towing vehicle with the addition of a trailer towing package. It includes a higher ratio (3.55:1) Traction-Lok axle, heavy-duty cooling system and suspension, dual exhaust and other features designed to help confidently pull a load of up to 5,000 pounds.

Grand Marquis Colony Park LS Wagon in Woodrose Clearcoat Metallic. Some features shown may be optional. See option list on pages 14 and 15.

THIS STEERING WHEEL IS HIDING SOMETHING OF GREAT IMPORTANCE.

Every 1991 Grand Marquis comes standard with a driver-side air bag Supplemental Restraint System. It's one of the many features incorporated into Grand Marquis that demonstrate our concern for occupant safety.

You can't see the air bag (it's located in the center of the steering wheel), but it's nice to know it's there. This system, when combined with properly used safety belts, can help provide added protection against

head and chest injuries that could occur in moderate to severe frontal impacts. Air bags are designed to activate *only* in the event of a moderate to severe frontal collision. In hundreds of millions of miles of

actual customer use, our air bag Supplemental Restraint Systems have been demonstrated to be safe, reliable and effective. The fact is, air bags and safety belts used together can help save lives.

Shown here is a representation of a driver-side air bag Supplemental Restraint System deployment. The air bag inflates in less than one-tenth of a second in the event of a moderate to severe frontal impact, then deflates in a fraction of a second.

Grand Marquis instrument panel. Some features shown may be optional. See option list on pages 14 and 15.

Grand Marquis LS interior with optional full grain leather seating surfaces.

HERE'S HOW TO PERSONALIZE YOUR GRAND MARQUIS.

Owning a Grand Marquis makes a personal statement about you. You can make the statement even more personal by adding options to suit your likes and needs.

For example, your interior choices include standard cloth or optional vinyl seating on the GS sedan, as well as standard vinyl or optional cloth on the GS wagon. On LS models upgraded cloth is standard, or you can choose the luxury of optional leather trim.

Selected options are grouped in Preferred Equipment Packages for convenience and offer sticker price savings over ordering these items individually. For instance, Package 172A for the LS sedan includes an illuminated entry system, leather-wrapped steering wheel, fingertip speed control, six-way power driver seat, power lock group and more. For more details consult the standard and optional features listing on pages 14 and 15.

Take time to consider your options. Make your Grand Marquis *your* Grand Marquis.

Choose the optional High-Level Audio System and put quality sound in your Grand Marquis. It offers a four-channel premium amp with 80 watts of power, seek and scan for both radio and cassette tape, AM stereo, pop-out tuning controls and premium speakers carefully positioned to enhance listener enjoyment.

Optional automatic climate control system regulates the interior at a preset temperature you select.

Left to right: full wheel cover, locking wire-style wheel cover, turbine spoke aluminum wheel.

SELECTED OPTIONAL AND STANDARD FEATURES.

ENGINE	
Type	V-8 OHV
Displacement	5.0 liters
Horsepower (SAE net)	150 @ 3200 rpm 160 @ 3400 rpm (with Trailer Tow III)

MERCURY

Customer satisfaction with Mercury cars may be attributed to the personalized attention given by the sales and service staffs at Lincoln-Mercury dealerships and to the Lincoln-Mercury Quality Commitment program. Its goal is to achieve outright industry leadership in customer satisfaction. We want Lincoln-Mercury customers to be the most pleased in the entire automotive industry.

An integral part of the Lincoln-Mercury Quality Commitment is the 6-year/60,000-mile powertrain and 6-year/100,000-mile corrosion warranty. The warranty is limited. Ask your Lincoln-Mercury dealer for a copy of the warranty and take time to read it.

Motorcraft QUALITY PARTS

Genuine Ford and Motorcraft original equipment replacement parts are engineered and manufactured to Ford's high specifications. They're your best assur-

ance of quality and long-term satisfaction because these replacement parts meet the same high standards as those installed in production.

The optional Ford Extended Service Plan covers selected components on new Mercury cars for longer than the vehicle's basic warranty. The cost is so moderate for the protection offered that it could pay for itself the first time it is needed. Ask your participating Lincoln-Mercury dealer for complete details of the plan, which is available on cars sold and normally operated in the 50 United States and Canada.

Participating Lincoln-Mercury dealers offer the Lifetime Service Guarantee, which guarantees their work on your Mercury Grand Marquis for as long as you own it. This means that you pay for a covered repair once and never again. If it ever has to be fixed again, the repairing dealer will fix it free. Free parts. Free labor. Ask your Lincoln-Mercury dealer for a copy of this limited warranty, and take time to read it.

EPA statement. 1991 EPA mileage estimates were unavailable when this publication was printed. The 1991 Mercury Grand Marquis, however, should post good mileage figures. Ask your Lincoln-Mercury dealer for the latest information. **Buckle up— together we can save lives.** Buy or lease your Mercury from your Lincoln-Mercury dealer.

Specifications and descriptions used were in effect when this publication was approved for printing.

Lincoln-Mercury Division reserves the right to discontinue options at any time or change specifications, equipment or designs without notice and without incurring obligation.

Standard and optional equipment listed is subject to change. Some features described are optional at extra cost. Some options are required in combination with other options.

Availability of some features may be subject to a slight delay.
