

LINCOLN
MKX

2012

Thank you for your interest in the **2012 Lincoln MKT**. Included in this brochure you'll find information about:

DESIGN: The split wing grille and oval chrome exhaust tips are modern design cues that make the Lincoln MKX stand out, even when it's standing still. That sense of dynamic motion carries over to the design of the interior.

INTERIOR: Ride in comfort with soft and plush leather trimmed seats that create an inviting interior cabin. Along with all this comfort, fine craftsmanship is evident throughout this quality-built mid-size crossover from Lincoln.

PERFORMANCE: Take off with smooth 302 horsepower under the hood, compliments of a 3.7L V6 with 6-speed SelectShift Automatic™ transmission that driving enthusiasts can also shift like a manual (but without the clutch).

TECHNOLOGY: Lincoln MKX puts technology at your fingertips with engaging and intuitive technologies like My Lincoln Touch™, Lincoln SYNC®, Adaptive Cruise Control and BLIS (Blind Spot Information System) to name a few.

Get an inside look at the benefits of Lincoln ownership at the Lincoln.com website.

L I N C O L N

THE UNDENIABLE ADVANTAGE: A VEHICLE AS SMART AS IT IS LUXURIOUS.

Lincoln MKX is certainly well-appointed, but its intelligence sets it apart. SYNC® with MyLincoln Touch™ driver-connect technology allows you to intuitively control certain vehicle features, while standard Intelligent Access with push-button start lets you enter and start it with only a touch.

But that's just the beginning. Lincoln MKX is also efficient and powerful. The 3.7L Ti-VCT V6 engine delivers 305 hp and 280 lb.-ft. of torque, good for the best standard horsepower in the class,¹ as well as best-in-class gas fuel economy of 26 mpg on the highway.² Combine all this with stunning design and signature Lincoln luxury, and you have a genuinely smart choice: the 2012 Lincoln MKX.

Black. Available equipment.

¹Class is Luxury Midsize Utilities vs. 2011/2012 competitors.

²EPA-estimated, FWD. Class is Luxury Midsize Utilities, non-hybrid vs. 2011/2012 competitors.

2012 LINCOLN MKX  lincoln.com

YOUR HANDS CONTROL THE WHEEL.
YOUR VOICE CONTROLS THE REST.

SYNC® with MyLincoln Touch™¹ our industry-first driver-connect technology, responds to spoken commands so you can keep your hands on the wheel while controlling your entertainment, phone, navigation² and climate. This easy-to-use system can also be operated via the color-coded menus on its stunning, 8" LCD touch screen. Intuitive 5-way steering wheel-mounted controls allow you to configure the 4.2" color LCD screens in the digital gauge cluster as well. Access the vehicle and media information you use most, all while keeping your eyes on the road.

Charcoal Black premium leather-trimmed seats. Walnut swirl wood. Available equipment.

¹Driving while distracted can result in loss of vehicle control. Only use SYNC/MyLincoln Touch/other devices, even with voice commands, when it is safe to do so. Some features may be locked out while the vehicle is in gear. Traffic alerts and turn-by-turn directions available in select markets. Message and data rates may apply. ²Available feature.

MyLincoln Touch features correct at time of release. Certain features require compatible mobile devices.

IT DOES COUNTLESS THINGS FOR YOU.
INCLUDING SURPRISE AND DELIGHT.

You'll be astounded by all that SYNC® with MyLincoln Touch™ can do in response to your voice or touch. Make and receive calls, play music via Bluetooth® technology, get directions, even change the cabin temperature. The system automatically uploads your phone contacts and remembers them. It also shows you who's calling with pictures from your contact list, and pauses your music so you won't miss a call. You can access music and photos from a USB drive, SD card or other devices. And with the optional Navigation System, you'll view landmarks in 3D on interactive maps.

A 6-month trial subscription to SiriusXM Traffic and Travel Link¹ provides continuously updated live traffic information, weather, fuel prices, sports scores and movie times. Enjoy SiriusXM Satellite Radio with a 6-month trial subscription to the "Sirius Select" package. Hear the music you want without the hassle of commercials, CDs or playlists. Listen to sports, comedy, talk, news, entertainment and more, coast-to-coast.

¹SiriusXM Satellite Radio, Traffic and Travel Link subscriptions sold separately or as a package after trial expires. SiriusXM Traffic and Travel Link service available in select markets. Subscriptions are governed by SiriusXM Customer Agreement; see www.siriusxm.com.

HIGH-END HORSEPOWER AND LOW-END TORQUE.
THE LUXURY IS HAVING PLENTY OF BOTH.

The standard 3.7L V6 engine features twin independent variable camshaft timing [Ti-VCT] to provide class-best 305 standard hp, along with 280 lb.-ft. of torque. With high-end power and low-end acceleration, it delivers a spirited driving experience in every way. A 4-wheel independent suspension adds agile handling and helps reduce unwanted vibrations.

The 6-speed SelectShift Automatic™ transmission gives you the freedom of “manual mode” — handle upshifts and downshifts yourself — with the convenience of an automatic. Six forward speeds allow for lower gearing, the benefits of which include enhanced performance and acceleration. Along with an engaging trip through the gears, Lincoln MKX delivers best-in-class gas fuel economy of 26 mpg hwy.¹

Ingot Silver Metallic. Available equipment.

¹EPA-estimated, FWD. Class is Luxury Midsize Utilities, non-hybrid vs. 2011/2012 competitors.

2012 LINCOLN MKX  lincoln.com

SENSE TRAFFIC AND ADJUST SPEEDS. LINCOLN MKX CAN DO IT.

There is something truly luxurious in driving a vehicle with sensors that can help you be more aware of your surroundings. When available adaptive cruise control is activated, sensors maintain 1 of 4 preset gaps between Lincoln MKX and the vehicle ahead. If the lead vehicle slows down, the system decelerates. When the sensors detect the gap has widened, Lincoln MKX returns to the preset speed.

Whether adaptive cruise control is activated or not, available collision warning with brake support is always active and ready. If sensors detect a potential collision with the vehicle in front of you, a warning chimes and red lights flash in the heads-up display. If you fail to react immediately, the system pre-charges the brakes so you have full responsiveness when you brake.

EVERY SEAT IS FIRST CLASS.

The available panoramic Vista Roof™ spans both rows of seats to provide stunning views for all. Enjoy the scenery while seated on heated and cooled, premium leather-trimmed front seats that are powered in 10 different ways, and include power lumbar support, plus memory settings for multiple drivers.

In addition to available genuine olive ash or walnut swirl wood accents, a heated steering wheel is also available to warm you from the inside out. For the 2nd row, either side of the available outboard heated leather-trimmed seats folds down with just the push of a button.

Charcoal Black premium leather-trimmed seats. Walnut swirl wood.
Available equipment.

2012 LINCOLN MKX  lincoln.com

IT CAN DETECT TRAFFIC BEFORE YOU CAN SEE IT.
PEACE OF MIND IS ONE OF THE GREATEST LUXURIES.

BLIS WITH CROSS-TRAFFIC ALERT With available BLIS® (Blind Spot Information System), radar sensors continually monitor each side of the vehicle to help you stay on guard. An amber light in the corresponding sideview mirror² alerts you whenever a vehicle is detected in one of your blind spots. Cross-traffic alert uses the same sensors to provide you with visible and audible warnings if a vehicle is detected within 45 feet of either side of Lincoln MKX when backing up.

REAR VIEW CAMERA The available rear view camera works in conjunction with cross-traffic alert to provide additional confidence in situations that require you to reverse. An image of the area behind your vehicle is displayed on the 8" color screen. Colored guides help you judge where objects are in your path.

²BLIS replaces standard integrated blind spot mirrors.

THE LUXURY OF BEING ON THE SAFE SIDE.

With Lincoln MKX, a 2011 IIHS Top Safety Pick,¹ the roof, front and sides have all been cited for good performance in impact testing. Specific structural areas of the steel safety cage are bolstered against intrusion. Others are designed to absorb crash energy and channel it away from passengers.

Inside, the dual-stage front airbags of our Personal Safety System™ help protect the driver and front passenger. Side-curtain airbags deploy from the headliner to provide coverage for outboard passengers in all rows in certain types of side-impact or rollover events. The SOS Post-Crash Alert System™ assists first responders in locating the vehicle when an airbag deploys.²

¹Insurance Institute for Highway Safety (IIHS). ²SOS hardware may become damaged or the battery may lose power in a crash, which could prevent operation. Not all crashes will activate an airbag or safety belt pretensioner.

CONFIDENCE COMES ALONG ON EVERY TRIP.

Available Intelligent all-wheel drive provides confidence in various driving conditions, and anytime an extra measure of control is required. To help enhance visibility, adaptive HID headlamps are available. Brighter than halogen, they point in the direction you turn the steering wheel to help you get the best possible look at the road ahead.

When driving Lincoln MKX, you can be certain you are prepared for a wide variety of possible driving conditions. The standard traction control system automatically applies the brakes and modulates engine power whenever it detects wheel slip.

ABUNDANT TECHNOLOGIES,
ALL RIGHT AT YOUR FINGERTIPS.

TOUCH-SENSITIVE SLIDER CONTROLS Unique slider controls featuring touch-sensitive technology allow you to operate the volume and fan settings more easily than with a knob. With 10 distinct touchpoints within each slider, simply swipe to set your personal settings.

INTEGRATED MEDIA HUB An integrated media hub features 2 USB ports, an SD card reader and RCA video input jacks. Access media and gaming devices, charge your smartphone, or create a Wi-Fi® hotspot for your passengers by connecting your phone through Bluetooth®.

THX® AUDIO SYSTEM The available THX II Certified Audio System brings home theater-quality sound to every seat. With 650 watts of power, a 13-channel amp and 14 speakers with a subwoofer, you'll experience HD Radio™ Technology, CDs and MP3 files like never before.

INTELLIGENT ACCESS WITH PUSH-BUTTON START Enter without inserting a key. With your key on you, simply touch the door handle to unlock the doors quickly and easily. After buckling in, and while pressing the brake pedal, Lincoln MKX starts with the push of a button.

HEATED STEERING WHEEL AND SEATS With a simple touch of the screen, turn on the available heated steering wheel to quickly take the chill from your hands. Standard heated and cooled front seats offer 6 different temperature settings.

STANDARD LUXURY FEATURES: EQUIPMENT GROUP 100A

ENGINE

- 3.7L Ti-VCT 24-valve aluminum V6
- 305 hp @ 6,500 rpm/280 lb.-ft. of torque @ 4,000 rpm
- 10.5:1 compression ratio
- Stainless steel exhaust system with dual oval chrome exhaust tips with rolled edges
- 2012 EPA-estimated fuel economy
 - FWD 19 city/26 hwy/22 combined mpg [18.0-gal. capacity]
 - AWD 17 city/23 hwy/19 combined mpg [19.0-gal. capacity]

DRIVETRAIN

- 6-speed SelectShift Automatic™ transmission
- Front-wheel drive (FWD)

WHEELS | TIRES

- 18" premium painted aluminum wheels
- P245/60R18 all-season BSW tires

LINCOLN AUTOMOTIVE FINANCIAL SERVICES Plans to launch in available states in the 3rd quarter of 2011. Choose the vehicle you want. Whether you decide to lease or finance, you'll find the choices that are right for you. Ask your Lincoln Dealer for details.

INSURANCE SERVICES Get Lincoln quality in your auto insurance. Our program offers industry-leading benefits and competitive rates. Call 1-866-329-4367 for a no-obligation quote.

LINCOLN EXTENDED SERVICE PLAN For a purchase or lease, the Lincoln Extended Service Plan (ESP) gives you "Peace-of-Mind" protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your dealer for a Lincoln ESP, the only service contract backed exclusively by Lincoln and honored at all Lincoln dealerships.

GENUINE LINCOLN ACCESSORIES will be warranted for whichever provides you the greatest benefit: 12 months or 12,000 miles (whichever occurs first), or the remainder of your Bumper-to-Bumper 4-year/50,000-mile New Vehicle Limited Warranty. Lincoln Licensed Accessories (LLA) are warranted by the accessory manufacturer's warranty. LLA are fully designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Lincoln Dealer for details and/or a copy of all limited warranties.

COMPLIMENTARY MAINTENANCE In addition to being one of the most technologically advanced and luxurious vehicles on the road, the 2012 Lincoln MKX includes no-charge, 4-year/50,000-mile maintenance. Maintenance items include oil changes, tire rotations and vehicle inspections. Coverage includes a maximum of 8 regularly scheduled maintenance services. See dealer for qualifications and complete details.

LINCOLN WARRANTIES Additional peace of mind comes from a 4-year/50,000-mile Bumper-to-Bumper Warranty that covers repair, replacement or adjustment of parts at no additional cost, as well as a 6-year/70,000-mile Powertrain Warranty which features no deductible and is fully transferable. See dealer for limited warranty details.

ROADSIDE ASSISTANCE for 6 years or 70,000 miles provides the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need towing. Your Lincoln Dealer will provide complete details.
