

2013 **ALL-NEW ESCAPE**

Go Further

Thank you for your interest in the new **2013 Escape**. Included in this brochure you'll find information about:

GREEN: The 2013 Escape has an eco-conscious side. For example, seat cushion and head restraint foam is derived from soybeans. Carpet in all models is produced using a blend of post-industrial fibers and post-consumer fibers derived from recycled plastic bottles.

TECHNOLOGY: Technology in Escape takes your driving experience to a new level. One example is the available hands-free liftgate you open by simply kicking your foot under the bumper. Technology in Ford Escape – making driving easier and more enjoyable.

CAPABILITIES: Available Intelligent 4WD gives you the confidence to go almost anywhere, from rain-slick streets to snow-covered roads. Have cargo to carry? Fold down one or both 2nd-row seats for flat storage. Escape is a compact SUV that's big on capability.

DESIGN: From its sporty exterior to its clean and modern interior, the Ford Escape combines smart looks with intelligent functionality. From front to rear, inside and out, the versatile and comfortable Escape makes a strong statement – a very stylish one at that.

Sleek. Smart. More fun than ever.

The all-new 2013 Ford Escape. We put more into it so you can get more out of it. EcoBoost® engines¹ employ turbocharging and direct injection to help it deliver best-in-class² fuel economy for an automatic.³ Our class-exclusive hands-free power liftgate¹ utilizes motion-sensing technology similar to that in the latest video games. The carefully crafted interior offers more cargo space than last year – up to 67.8 cu. ft. And you'll be connecting, navigating and maneuvering with the utmost ease and confidence thanks to some of its most advanced features ever. Introducing the only all-new, thoroughly modern, 5-passenger SUV fueled by the fun-loving, adventurous spirit of Escape. Go further in a 2013 Escape.

Titanium. Ginger Ale Metallic. Available equipment.

¹Available feature. ²Class is Small Utilities vs. 2012/2013 competitors. ³EPA-estimated 23 city/33 hwy/26 combined mpg, 1.6L EcoBoost, FWD.

2013 **ALL-NEW ESCAPE**
ford.com

Leads the class with exhilarating efficiency.

Best mpg in the class – 1.6L EcoBoost.

Our state-of-the-art, turbocharged, direct-injection 1.6L EcoBoost® I-4 engine¹ makes Escape the most fuel-efficient automatic in its class on the highway. Using twin independent variable camshaft timing (Ti-VCT) to enhance fuel economy and performance, the 1.6L helps Escape achieve 33 mpg hwy and 23 city.² Its turbocharger is engineered for power and quick response, producing 178 hp and plenty of low-end torque for acceleration and passing.

Powerful performer – 2.0L EcoBoost.

Our 2.0L EcoBoost I-4 engine¹ produces 240 hp and 270 lb.-ft. of torque while helping Escape achieve 30 mpg hwy and 22 city.³ With 90% of its peak torque available from 1,750 to 4,500 rpm, the 2.0L easily enables Escape to tow up to 3,500 lbs. when properly equipped. Both EcoBoost engines and the standard 168-hp 2.5L Duratec® I-4 are mated to our 6-speed SelectShift Automatic® transmission. So you can shift gears yourself, or leave all the fun to Escape.

Engages the road. Cheats the wind.

As you accelerate through corners, Torque Vectoring Control seamlessly enhances your hold on the road. Electric power-assisted steering enables pull-drift compensation to help correct for road irregularities and improve overall steering feel, plus active nibble control to help smooth out minor vibrations. The all-new Escape can even make itself more aerodynamic and fuel efficient by adjusting its class-exclusive active grille shutters.⁴

Titanium. Ginger Ale Metallic. Available equipment.

¹Available feature. ²EPA-estimated 23 city/33 hwy/26 combined mpg, FWD. ³EPA-estimated 22 city/30 hwy/25 combined mpg, FWD. ⁴Standard on 1.6L EcoBoost and 2.5L I-4 engines.

2013 **ALL-NEW ESCAPE**
ford.com

Ready to lend you a hand.

Loading cargo into your SUV has never been easier than with the class-exclusive, hands-free liftgate¹ on the all-new Escape. Simply move your foot under the rear bumper in a gentle kicking motion while the Intelligent Access¹ key fob stays tucked away in your pocket or purse. Sensors in the bumper detect your leg and the motion, triggering the liftgate to open. The same action triggers it to close. You can even program the opening height to work inside your garage. Advance your independence in the 2013 Ford Escape.

Titanium. Ginger Ale Metallic. Available equipment.

¹Available feature.

2013 **ALL-NEW ESCAPE**
ford.com

Comforts with increased space. Front and back.

An oasis of calm within your busy day, the interior of the all-new Escape is styled with an emphasis on spaciousness, clean lines and versatility. Up front, there's more hip room and more 2nd-row leg room than last year. Supportive seating features sophisticated fabric and leather trim options. New storage trays in between each front seat and door make it easy to keep an umbrella or other travel gear handy. Rear-seat passengers can discreetly stow small items like MP3 players and mobile phones in a new underfloor compartment. Escape also provides more cargo room this year. You get 34.3 cu. ft. of space behind the 60/40 split rear seat and 67.8 cu. ft. with it folded down. Place the adjustable cargo load floor¹ in its highest position for a flat load surface when the rear seat is folded, or lower it to create a deeper cargo space. The choice is yours.

Titanium. Charcoal Black full leather trim. Available equipment.

¹Available with 17" wheels only

2013 **ALL-NEW ESCAPE**
ford.com

Keeps you connected on the go.

No more searching for your phone. No device on your ear. Once paired, voice-activated Ford SYNC^{®1} recognizes your phone and transfers your contacts to support voice calling. It also plays music from your phone, MP3, USB or iPod.[®] In fact, any device with Bluetooth[®] capability can stream audio from sources like Pandora,[®] iHeartRadio[®] and many more. Just activate the controls on the steering wheel and say things like "Call: Jake Smith," or "Play playlist: beautiful day." SYNC also offers 911 Assist[®] and with an activated SYNC Services¹ account you get business searches, turn-by-turn driving directions, local movie times and more. Personalize it at ford.com/sync. SYNC. Say the word.

Titanium. Charcoal Black full leather trim. SYNC with MyFord Touch.[®] Available equipment.

¹Available feature. Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. SYNC Services is available on most vehicles and may require a subscription. Traffic alerts and turn-by-turn directions available in select markets. Message and data rates may apply. Not all features are compatible with all phones.

2013 **ALL-NEW ESCAPE**
ford.com

Makes it easy to make plans.

Incoming text? Let SYNC^{®1} with MyFord Touch^{®1} read it aloud from your paired phone. The system even translates common emoticons and abbreviations, like :-) and LOL. Simple graphics and fast touch-screen responses make it easy to control your phone, entertainment,² and climate with this voice-activated system. SYNC with MyFord Touch includes SYNC Services,³ a class-exclusive 8" LCD touch screen, an LCD screen in the gauge cluster, 5-way controls on the steering wheel, and a media hub with class-exclusive dual USB ports.

The Navigation System² includes a 6-month trial subscription to SiriusXM Satellite Radio (also available without navigation), Traffic and Travel Link to bring you over 130 channels, including commercial-free music, plus sports, news, talk and entertainment. Drive smarter with the ability to look up fuel prices, check local and national weather, get alerts on traffic-related incidents, receive alternate route suggestions and much more. Turn-by-turn directions are offered in your choice of Fastest, Shortest or Eco Route.

This remarkable system recognizes literally thousands of voice commands, everything from "Travel Link: 5-day weather forecast" to "destination nearest park." It'll help you make the most of every day and every drive – while keeping both hands on the wheel and your eyes on the road.

¹Available feature. Driving while distracted can result in loss of vehicle control. Only use SYNC/MyFord Touch/other devices, even with voice commands, when it is safe to do so. Some features may be locked out while the vehicle is in gear. SYNC Services is available on most vehicles and may require a subscription. Traffic alerts and turn-by-turn directions available in select markets. Message and data rates may apply. Not all features are compatible with all phones. ²Available feature.

Intelligently adapts to your day.

Escape with Intelligent 4WD¹ is always ready for adventure. Assessing conditions about 20 times faster than the blink of an eye, the system readjusts as needed to deliver the right blend of handling and traction at all times. It's beneficial in both wet and dry conditions, and provides excellent off-road traction. Plus, it's already proven itself in challenging test environments around the globe, from Arizona to Austria, New Zealand and beyond. This seamless, on-demand system is our most advanced Intelligent 4WD ever.

SEL. Ruby Red Metallic Tinted Clearcoat. Titanium. Ginger Ale Metallic. Available equipment.

¹Available feature.

2013 **ALL-NEW ESCAPE**
ford.com

Respects nature in unexpected ways.

Plastic bottles. Old clothes and tires. The all-new Escape builds upon its class-leading automatic highway fuel efficiency by putting these and other materials all too often destined for landfills to surprisingly practical reuse. About 25 recycled 20-oz. plastic bottles go into the carpeting on each vehicle, which is a resilient blend of post-consumer and post-industrial polyester fibers. Over 10 lbs. of scrap cotton from jeans, sweaters, T-shirts and the like are turned into sound-absorption material that helps keep Escape quiet inside. Recycled tires are used to create the climate control gasket. The wheel arch liners and aero shields are made with recycled plastics. To top it off, the vehicle itself is over 85% recyclable after it's been driven its last mile – now that's forward thinking.

SEL. Ruby Red Metallic Tinted Clearcoat. Available equipment.

2013 **ALL-NEW ESCAPE**
ford.com

Steers itself into parallel spots.

First, you press a button and listen for active park assist¹ to alert you when it has located an appropriate parallel parking spot. Then, you take your hands off the wheel and your Escape literally steers itself into place. You simply follow system prompts to shift gears and control the brake and accelerator pedals. You'll be parked and on with the day's adventure in practically no time at all. Class-exclusive active park assist is part of our comprehensive Parking Technology Package,¹ which also includes a class-exclusive Forward Sensing System, a Reverse Sensing System, BLIS[®] with cross-traffic alert, a rear view camera and rain-sensing windshield wipers.

Warns of traffic you may not notice. Displays your rear view on screen.

As you slowly back out of a parking spot or driveway, BLIS[®] (Blind Spot Information System) with cross-traffic alert¹ is designed to scan for vehicles approaching from either side. If any are detected, the system alerts you with a sound, a message center warning and an amber light in the corresponding sideview mirror.² While you're driving, BLIS uses the same amber lights to alert you if traffic is detected in your blind spots. The rear view camera¹ also shows you what's behind the vehicle whenever you shift into Reverse.

Driver assist features are supplemental and do not replace driver's judgement.
¹Available feature. ²BLIS replaces standard integrated blind spot mirrors.

Tows up to 3,500 lbs. with greater efficiency.

Do your weekends involve towing recreational gear? The 2013 Escape is ready for action. Our 240-hp 2.0L EcoBoost® I-4 engine¹ enables Escape to tow up to 3,500 lbs. when properly equipped, matching the towing capability of its predecessor, while producing up to 20% better fuel economy.² This can mean less money for the pump and more for your pocket. Trailer sway control (TSC), included with the Class II Trailer Tow Prep Package,¹ monitors the motions of the vehicle and detects trailer sway. If needed, TSC reduces engine speed and selectively applies the brakes to help you maintain control of both the vehicle and the trailer.³ Tow smarter in the all-new Escape.

SEL. Ruby Red Metallic Tinted Clearcoat. Available equipment.

¹Available feature. ²Improvement over 2012 model year Escape V6. EPA-estimated 30 mpg hwy, FWD. ³Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

2013 **ALL-NEW ESCAPE**
ford.com

Maximizes grip to keep adventures on track.

If it senses you're taking a curve too quickly, Curve Control can help slow the vehicle by as much as 10 mph in approximately one second! It's the latest enhancement to our AdvanceTrac® with RSC® (Roll Stability Control™) – standard on every new Escape. Curve Control is effective on dry or wet pavement and is expected to be particularly useful on highway ramps. Escape also comes equipped with 7 standard airbags this year, including a driver's knee airbag and new front-seat side airbags. An adaptive tunnel vent helps tailor the front-seat side airbags to occupant size for personalized protection and increased peace of mind.

SEL. Ruby Red Metallic Tinted Clearcoat. Available equipment.

¹Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

2013 **ALL-NEW ESCAPE**
ford.com

Takes tech to new heights.

The all-new Escape offers many of our latest advancements. For entertaining, there's the 10-speaker Audio System from Sony® with HD Radio™ Technology and iTunes® tagging. For parents of young drivers, class-exclusive MyKey® lets you block calls and deter text messaging while driving. Push-button start works with the Intelligent Access key fob tucked away in your pocket or purse, or even the center console. Up top, a fabric mesh deflector on the panoramic Vista Roof® helps provide quiet performance along with fresh air.

New Vehicle Limited Warranty. We want your Ford Escape ownership experience to be the best it can be. Under this warranty, your new vehicle comes with 3-year/36,000-mile bumper-to-bumper coverage, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/60,000-mile safety restraint coverage, and 5-year/unlimited-mile corrosion (perforation) coverage – all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty. **Roadside Assistance.** Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need towing. Your Ford Dealer can provide complete details on all of these advantages. **Ford Credit.** Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at fordcredit.com. **Ford Extended Service Plan.** For a purchase or lease, the Ford Extended Service Plan (ESP) gives you "Peace-of-Mind" protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your dealer for a Ford ESP, the only service contract backed exclusively by Ford and honored at all Ford Lincoln dealerships. **Insurance Services.** Get Ford Motor Company quality in your auto insurance. Our program offers industry-leading benefits and competitive rates. Call 1-877-367-3847, or visit us at fordvip.com for a no-obligation quote. Insurance offered by American Road Services Company (in CA, American Road Insurance Agency), a licensed agency and subsidiary of Ford Motor Company. **Genuine Ford Accessories** will be warranted for whichever provides you the greatest benefit: 12 months or 12,000 miles (whichever occurs first), or the remainder of your Bumper-to-Bumper 3-year/36,000-mile New Vehicle Limited Warranty. Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer's warranty. FLA are fully designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Ford Dealer for details and/or a copy of all limited warranties.
