

CHRYSLER CORDOBA '80

Cordoba 1980. A car whose striking new, resized form strides into the new decade with poise and assurance befitting its proud tradition.

From its Franklin Minted hood ornament to its tri-lens tail-lamps, Cordoba 1980 is an exceptional automobile. But extraordinary styling only marks the beginning. Also numbered among its primary assets are such standard driving conveniences as TorqueFlite automatic transmission, power steering and power front disc brakes, plus such standard engineering features as fuel-efficient lockup torque converter and smooth-riding isolated front torsion bar/rear leaf spring suspension. In the area of passenger comfort there are the new optional leather-and-vinyl bucket seats with standard center cushion and folding center armrest (shown). Here, quite clearly, is a car designed to live up to its birthright.

Some of the equipment shown or described throughout this catalog is available at extra cost.

Cordoba. A singular tradition.

Cordoba. The car that redefined the term "contemporary classic" during the 1970's returns to set new standards of personal luxury for the 1980's.

You are looking at the consummate Cordoba. The new Crown Corinthian Edition. An offering for the most discerning of tastes, with much more than you need and all you could want. Exclusive black walnut metallic or designer's cream-on-beige paint treatment. Padded landau vinyl roof or Cabriolet simulated convertible roof option. Cashmere 60/40 leather seating (shown). Deep cut-pile carpeting. Leather-wrapped tilt steering wheel (shown). Wire wheel covers. Goodyear wide whitewall radial tires. And more.

About this catalog.

We have tried to make this catalog as complete as possible. And we hope you will find it useful. However, since the time of printing, some of the information you'll find here may have been updated. Your dealer has details and you should ask him for current information before ordering.

Cordoba. An American Classic.

1980 READY-TO-ORDER FORM EXTERIOR PACKAGES

Certain models, packages and options are subject to specific restrictions, requirements and late availability. Consult your dealer for current ordering information.

PICTURED OPTIONS

1. Cabriolet Roof

Elegance plus: a simulated convertible roof for Cordoba's '80 edition.

2. Automatic Speed Control Intermittent Windshield Wipers

Two useful features to incorporate into the multifunction, column-mounted control lever. Speed control promotes driver relaxation and fuel economy by maintaining the selected cruising speed. The intermittent wiper has a delay mode that can be set for pauses of two to fifteen seconds.

3. Tilt Steering Wheel

As you like it: a steering wheel that is adjustable to six different positions.

4. AM/FM Stereo With Cassette Player

This 1980 radio option features the Dolby[®] noise reduction system which minimizes hiss on Dolby[®]-encoded cassette cartridges and FM broadcasts.

**Dolby is a trademark of Dolby Laboratories.*

5. New Air Conditioning System*

The improved semi-automatic temperature control and manual air conditioning

systems are lighter, more compact, easier to service and have greater heater capacity.

**Ask your dealer for details regarding restrictions applicable to the later installation of air conditioning.*

6. Illuminated Driver-Side Vanity Mirror

This new option helps you maintain that clear self-image at all times.

7. Wheel Trim

Roll call. On top, the striking new turbine wheel cover. Next, the road-ready, five-spoke forged aluminum road wheel.

8. 5/50 Protection Plan

This optional service contract, the longest protection plan* of any domestic manufacturer, covers major power train components for five years or 50,000 miles (whichever comes first) from the time you take delivery of your new Cordoba. The plan, which has a \$50 deductible per repair visit, also has an allowance for alternate transportation and towing. Ask your dealer for full details.

**Provisions of plans vary with manufacturer.*

OPTIONS

- Air Conditioning
- Air Conditioning—Automatic temperature control
- Automatic Speed Control
- Axle—Sure-Grip differential

CORROSION PROTECTION

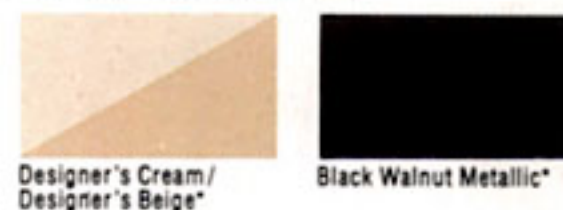

Chrysler Corporation's corrosion protection is unsurpassed in the industry. It includes the use of galvanized sheet metal panels, one of the best known methods of corrosion protection, as well as the seven-step dip-and-spray process. Both keep your Cordoba looking new for years to come.

Chrysler Corporation reserves the right to make changes at any time without notice or obligation in prices, colors, materials, equipment or specifications and to change or discontinue models. See your dealer for complete current information.
