

2008 CHRYSLER
SEBRING

CHRYSLER

ENGINEERED BEAUTIFULLY

It is a place where engineering and beauty come together. It embodies a convergence of craftsmanship with technology and functionality with design. Built to entice with every drive in the most natural of manners, it represents a passion for ingenious engineering and stunning style. Engineered beautifully, this is a vehicle unlike any other.

THIS IS THE CHRYSLER SEBRING.

THE 2008 CHRYSLER SEBRING INCLUDES
A LIFETIME POWERTRAIN LIMITED WARRANTY.

No deductible. See dealer for a copy of limited warranty and details.
Non-Transferable. Not available on certain fleet vehicles.

Sebring Limited in Bright Silver Metallic

LIMITED

Designed to invigorate in every way, Sebring Limited gleams sophistication from a blend of elegance, contemporary design and sleek lines. Its refined exterior is matched with engine choices that are fuel efficient and powerful. Limited features the 2.4-liter dual Variable Valve Timing (VVT) World Engine* as standard equipment. The available 3.5-liter High Output V6 amplifies its thoroughbred spirit and is distinguished by 18-inch aluminum wheels and chrome dual exhaust tips. The V6 is mated to a smooth-shifting 6-speed AutoStick® transaxle that not only provides the option of clutchless manual or easy automatic shifting, but it also delivers 26 highway miles per gallon† while doing so. Protection, in the form of six standard air bags,‡ and an advanced antilock brake system (ABS), is paired with a fully independent and isolated front and multilink rear suspension engineered to minimize every road noise and vibration. Newly available all-wheel drive provides the added reassurance of forward traction on less than ideal road surfaces. The result? Enhanced peace of mind while traveling during severe weather conditions or while traveling on uneven road surfaces.

*Not available in CA, CT, MA, ME, NY, PA, RI and VT. A 2.4L PZEV engine will be substituted. †EPA est. mpg. ‡Always sit properly in the seat with the seat belt fastened. Children 12 and under should always be in a backseat correctly using an infant or child restraint system or the seat belt positioned correctly for the child's age and weight.

Sebring Limited in Brilliant Black Crystal Pearl

With a standard Electronic Vehicle Information Center (EVIC), which smartly displays data such as individual tire pressures and fuel economy at the touch of a button, Sebring Limited is inherently intelligent. An available heated/cooled cup holder* is both brilliant and a segment exclusive.† The theme of ingenious accommodation stretches into the rear seats as well, as Sebring offers an available rear-seat Vehicle Entertainment System (VES®) that seamlessly integrates with the vehicle's sound system and entertains at the touch of a button.

*Included in Luxury and Premium Group Packages. †Based on 2007 *Automotive News* segmentation.

Sebring Limited interior in Medium Pebble Beige/Cream

Refined in manner and big in appeal, Sebring Limited provides premium interior style. Chrysler's designers turned to sumptuous two-tone leather-trimmed seating for five, with tortoiseshell, Satin Silver and chrome accents across the board. The resulting ambience is complemented by must-have amenities like an eight-way power driver's seat, automatic temperature control, available heated front seats,* Remote Start* and a UConnect® Hands-Free Communication System.†

*Included in Premium and Luxury Group Packages. †Included in the Safety/Security and Convenience Group.

Sebring Limited instrument panel

Everything about this interior is tech-savvy. It starts with the standard Boston Acoustic® sound system that includes six speakers and a 276-watt amplifier. The available voice-activated MyGIG® Multimedia Infotainment System* with Navigation stores over 1,000 MP3 digital music files on its 20GB hard drive and fills Sebring's cockpit with the crystal-clear simulcasts of SIRIUS Satellite Radio,† now standard on all models.

*MyGIG in-dash video playback capability is not available in all states. See your dealer for details. †SIRIUS® and the SIRIUS dog logo are registered trademarks of SIRIUS Satellite Radio, Inc. All other trademarks, service marks and logos are the property of their respective owners. All rights reserved. For full terms and conditions, visit sirius.com. Prices and programming are subject to change. Not available in AK and HI.

TOURING

Leave it to Chrysler to elevate “standard” above the basics. Sebring Touring is equipped with an antilock brake system (ABS) that helps keep the drive controlled. Standard 17-inch aluminum wheels, chrome interior touches and Satin Silver cabin accents keep it stylish. And Sebring Touring’s powerful standard 2.4-liter dual Variable Valve Timing (VVT) World Engine with its 30 highway miles per gallon,* or available 2.7-liter 186-horsepower V6 with 27 highway miles per gallon,* keeps you cruising efficiently. In the spirit of fuel-sipping conservation, Chrysler engineers also designed the 2.7-liter engine with an available Flex Fuel† capability that enables it to employ E85, a cleaner-burning alternative fuel. Sebring Touring’s interior is equally innovative, thanks to available heated front cloth seats‡ with YES Essentials®§ seat fabric — a segment exclusive.¶ At every level, Touring is engineered beautifully.

*EPA est. mpg. †Not available in CA, CT, MA, ME, NY, PA, RI and VT. A 2.4L PZEV or 2.7L gas engine will be substituted. §Not compatible with aftermarket fabric-protecting coatings. Go to yesessentials.com for care details. ‡Included in Electronics Convenience Group. ¶Based on 2007 *Automotive News* segmentation.

Sebring Touring in Silver Steel Metallic

Comfort is ensured via a cleverly designed interior. A fold-flat front-passenger seatback and 60/40 split-folding rear seatback make room for both passengers and their provisions. Sebring Touring showcases attractive and clever YES Essentials® stain resistant, odor resistant, antistatic seat fabric.* This Chrysler Group exclusive employs dual-action technology to help resist stains by beading spills for easy cleaning. An available automatic temperature control system† keeps the cabin regulated while driver comfort increases through an available heated eight-way power-adjustable seat‡ making Sebring Touring as inviting as it is comfortable.

*Not compatible with aftermarket fabric-protecting coatings. Go to yesessentials.com for care details.

†Included in Electronic Convenience Group.

Sebring Touring in Inferno Red Crystal Pearl

Chiseled grooves highlight Sebring's aluminum hood, while door sculpting provides a toned mid-section that is more athletic than your typical mid-size sedan. Detailed quad-halogen headlamps and 17-inch aluminum wheels round out Sebring Touring's unforgettable details. In Sebring, design and engineering exist in beautiful tandem.

Imagine the world at your fingertip with an available one-touch, express open/close power moonroof that lets you enjoy the fresh air, day or night. Whether it be the available Rear Cargo Organizer* that keeps gear organized, the available power one-touch up/down window controls or a standard auxiliary input jack that lets you enjoy your favorite tunes from your MP3 player, Sebring was designed for ease of use and personal comfort.

*Included in Electronic Convenience Group on Touring and in Premium and Luxury Groups on Limited.

LX

On the rarest occasion, superb style and superior craftsmanship can be affordable. This uncommon coupling is found in Sebring LX. The sculpted sheet metal of Sebring LX rides on a fully isolated four-wheel independent suspension, meaning every drive is tightly controlled with reduced noise and vibration. The 173-horsepower 2.4-liter World Engine,* with its dual Variable Valve Timing (VVT), 30 highway miles per gallon† and standard 4-speed automatic transmission, is a spirited modern marvel of efficiency. Inside, find sanctuary with luxuries like standard Remote Keyless/Illuminated Entry, power windows and locks, air conditioning, electronic speed control and even an AM/FM CD radio with MP3/WMA auxiliary input jack. SIRIUS‡ Satellite Radio is now standard on all Sebring models and comes with a complimentary one-year subscription. And, because safety is paramount, an antilock brake system (ABS), and advanced multistage front, supplemental side-curtain and front seat-mounted side air bags§ are standard in each and every vehicle. Thanks to the imaginative and focused minds behind the Sebring, the road is yours for the taking.

*Not available in CA, CT, MA, ME, NY, PA, RI and VT. A 2.4L PZEV engine will be substituted. †EPA est. mpg. ‡"SIRIUS" and the SIRIUS dog logo are registered trademarks of SIRIUS Satellite Radio Inc. All other trademarks, service marks and logos are the property of their respective owners. All rights reserved. For full terms and conditions, visit sirius.com. Prices and programming are subject to change. Not available in AK and HI. §Always sit properly in the seat with the seat belt fastened. Children 12 and under should always be in a backseat correctly using an infant or child restraint system or the seat belt positioned correctly for the child's age and weight.

Sebring LX in Modern Blue Pearl

Inside and out, Sebring is engineered beautifully. The electroluminescent instrument cluster glows with a pleasing light while providing information that ranges from the engine temperature to the outside temperature. The analog clock balances details with crisp design. The 60/40 split-folding rear backseat offers passengers cup holders within the fold-down armrest. Unlike less accommodating sedans, Sebring provides extra driver comfort through a manual seat height and lumbar adjuster, tilt/telescoping steering wheel and a floor console with a fore/aft sliding center armrest as standard equipment.

TECHNOLOGY

Sebring offers a comprehensive array of available high-technology solutions and capabilities.

- ▶ Sebring's available **exclusive heated/cooled cup holder*** inspired by one too many cold coffee commutes, keeps your warm drinks warm and your cool beverages nicely chilled.
- ▶ Sebring features segment-exclusive* **YES Essentials® stain resistant, odor resistant, antistatic seat fabric.†** Because this new industry-exclusive fabric uses chemical engineering to do the job itself, protection does not diminish with time or wear.
- ▶ Available **Remote Start** gives you the ability to start your vehicle from up to 300 feet away, ensuring a welcoming, climate-controlled environment on even the hottest and coldest of days.

Whether as technology-driven as computer-enabled devices like a 6-speed AutoStick® transaxle and a Tire Pressure Monitoring System, or as seemingly simple as heated cloth front seats and the HomeLink® Universal Transceiver, or as entertaining as the class-exclusive MyGIG® Multimedia systems, Sebring makes the most of technological advancement at every opportunity.

*Based on 2007 *Automotive News* segmentation. †Not compatible with aftermarket fabric-protecting coatings. Go to yesessentials.com for care details.

INFOTAINMENT

When it comes to informing and entertaining, Sebring offers systems exclusive to the Chrysler Group and leaves absolutely nothing to spare.

- ▶ **MyGIG® Multimedia Entertainment System.*** This available, Chrysler Group exclusive system revolutionizes entertainment, information and communication thanks to a 20GB hard drive that stores playlists, JPEG images and more. MyGIG rips, stashes, organizes and shuffles over 1,000 digital music files from CDs or via the integrated USB port. Simpler still, the library is updated with artist, album and track names via the Gracenote® Music File Management system. The JPEG photo viewer allows you to personalize the menu background with either an image from the preloaded library or your own uploaded image. MyGIG's brilliant 6.5-inch full-color in-dash display plays DVD videos and audio while the vehicle is in park.

- ▶ **MyGIG Multimedia Infotainment System* with Navigation.** As if its stunning entertainment features were not enough, the available MyGIG Multimedia Infotainment System with Navigation represents the perfect balance of information and entertainment. Its navigation system provides turn-by-turn directions and real-time traffic control via SIRIUS[†] Satellite Radio. With its UConnect® Hands-Free Communication System, your hands will be free from folding maps and making calls.

- ▶ **SIRIUS Satellite Radio** delivers over 130 channels, including 100% commercial-free music, sports, news, talk, entertainment, traffic and weather. SIRIUS Satellite Radio is standard on every Sebring and includes a complimentary one-year subscription. Visit sirius.com for more info.

- ▶ **UConnect** is the available high-tech, voice-activated, hands-free communication system that allows you to use your Bluetooth® compatible mobile phone with less distractions.

- ▶ An available **rear-seat Video Entertainment System (VES®)** boasts a 7-inch color LCD screen, remote control and two wireless headsets. It can even access two different media sources, like a DVD and a radio broadcast, at the same time. Simply ingenious, it is pure Sebring.

*MyGIG in-dash video playback capability is not available in all states. See your dealer for details. †SIRIUS[†] and the SIRIUS dog logo are registered trademarks of SIRIUS Satellite Radio, Inc. All other trademarks, service marks and logos are the property of their respective owners. All rights reserved. For full terms and conditions, visit sirius.com. Prices and programming are subject to change. Not available in AK and HI.

PLEASANT RIDE

Honed by Computer-Aided Engineering and about 300 hours of wind-tunnel testing, Sebring offers an exceptionally quiet driving experience.

- ▶ Rapid expanding **Polyurethane Foam (PUR®)**, injected into the body structure, prevents noise transmission into the passenger cabin. Plus, all cavities are closed with plugs or patches.
- ▶ **Triple-sealed doors** with **thicker front glass** cut offensive wind noise and drafts.
- ▶ **Aerodynamic mirror housings**, painstakingly developed in the wind tunnel, and the first Chrysler application of **low-profile wiper blades** eliminate a source of annoying "wind-whistle."

SAFETY AND SECURITY

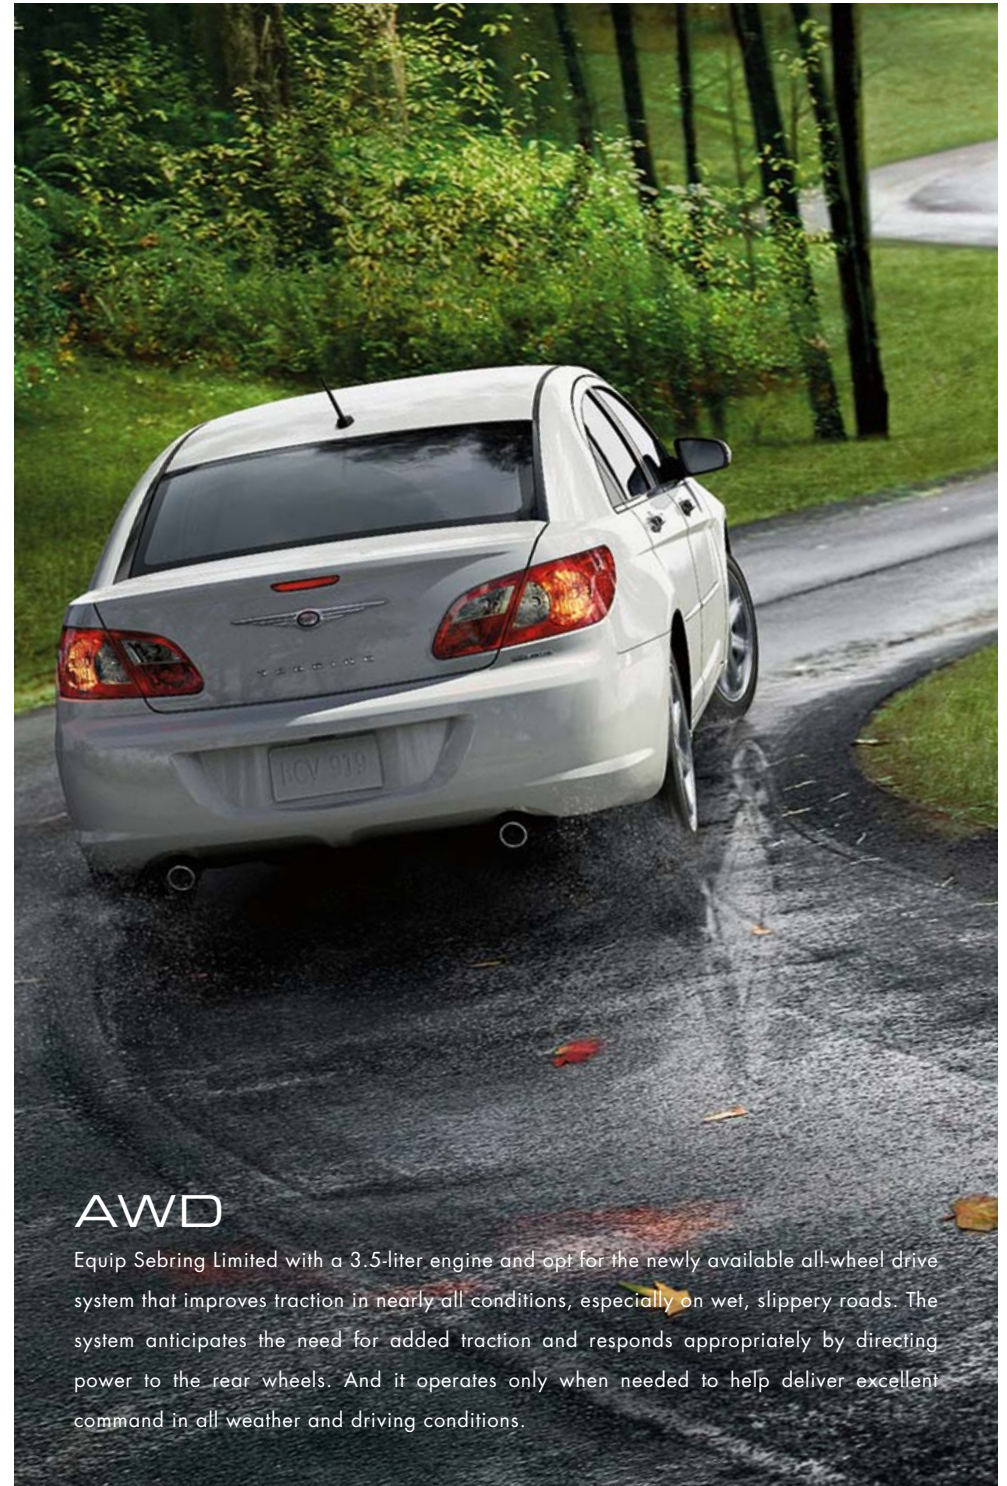

Sebring was designed from the outset with advanced systems that work together in a highly coordinated fashion, constantly guarding against the unthinkable.

- ▶ **Standard advanced multistage driver and front-passenger air bags***, front and rear supplemental **side-curtain air bags*** and driver and front-passenger **thorax supplemental side air bags*** deploy to match the incident's severity.

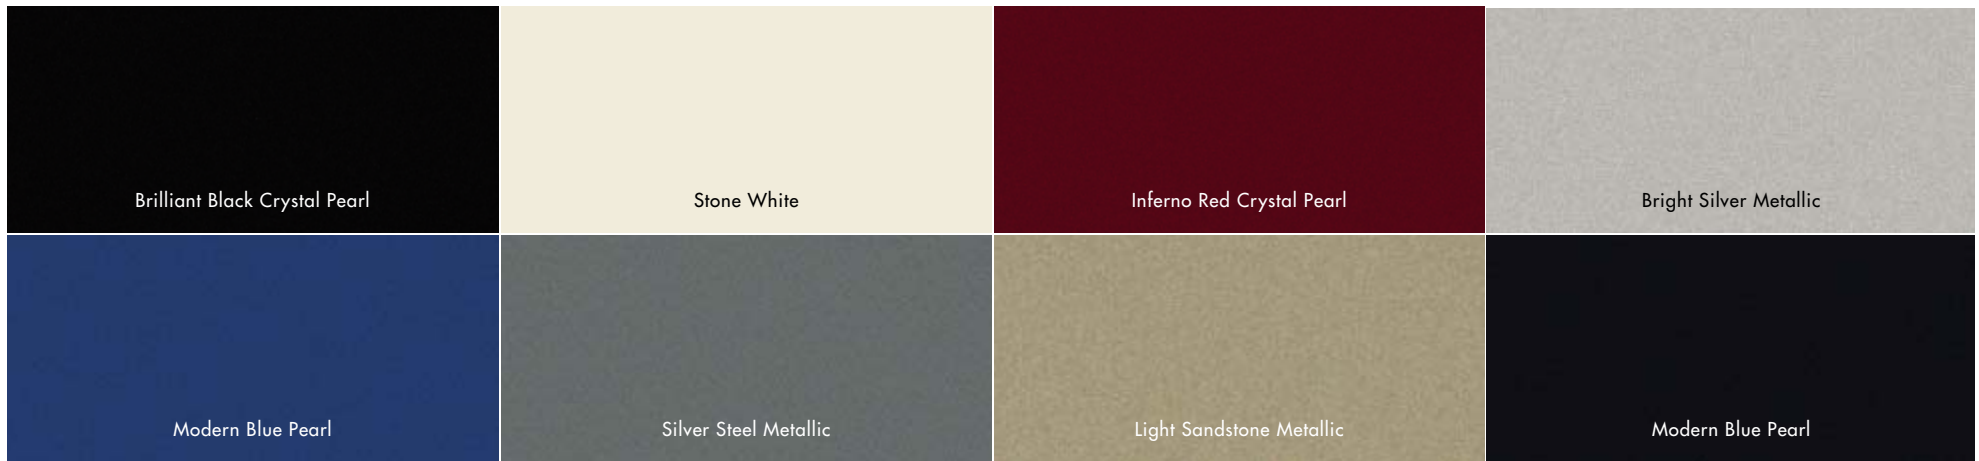

- ▶ **Standard antilock brake system (ABS)** pulsates the brakes to provide improved steering control under extreme braking conditions.
- ▶ **Standard dynamic front crumple zones** and **side-impact door beams** help defend the cabin from impacts.
- ▶ **Available Electronic Stability Program† (ESP)** and **all-speed traction control** with **Brake Assist** work together to help you maintain your intended course.

*Always sit properly in the seat with the seat belt fastened. Children 12 and under should always be in a backseat correctly using an infant or child restraint system or the seat belt positioned correctly for the child's age and weight. †Always drive carefully, consistent with conditions. Always wear your seat belt and obey traffic laws. No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESP warning lamp in the speedometer flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt.

AWD

Equip Sebring Limited with a 3.5-liter engine and opt for the newly available all-wheel drive system that improves traction in nearly all conditions, especially on wet, slippery roads. The system anticipates the need for added traction and responds appropriately by directing power to the rear wheels. And it operates only when needed to help deliver excellent command in all weather and driving conditions.

POWERTRAINS

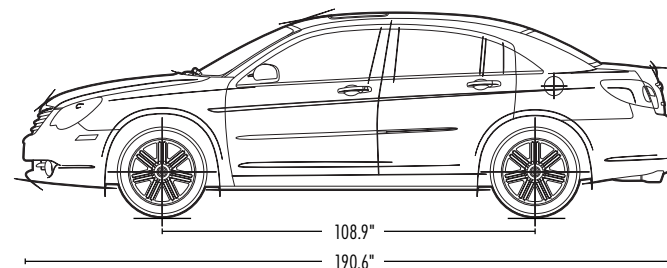

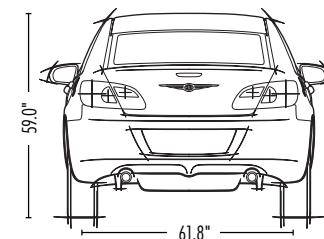

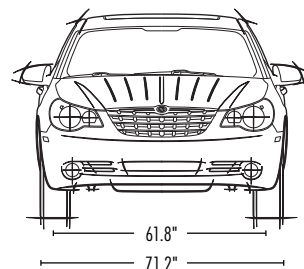

Sebring offers three modern engine options to suit your performance needs.

- ▶ The standard **2.4-liter World Engine*** uses **dual Variable Valve Timing (VVT)** and a high-pressure die-cast aluminum cylinder block, featuring integrated structural ribbing, to produce exceptional power, smoothness and an EPA estimated 21 city, 30 highway mpg.
- ▶ Touring's available **2.7-liter Flex Fuel V6*** produces 186 horsepower and 192 lb-ft of torque. The Flex Fuel feature allows Sebring to sip gasoline and cleaner-burning E85. EPA estimated 19 city, 27 highway mpg.
- ▶ The **3.5-liter High Output V6** with a **high-tech six-speed AutoStick transaxle** generates 235 horsepower and 232 lb-ft of torque. Fittingly, the luxury of its engaging performance is available only on Sebring Limited and adds the coveted appearance of dual chrome-tipped exhaust pipes. Front-wheel drive EPA estimated 16 city, 26 highway. All-wheel drive EPA estimated 15 city, 24 highway.

*Not available in CA, CT, MA, ME, NY, PA, RI and VT. A 2.4L PZEV or 2.7-liter gas engine will be substituted.

3/36 Limited Warranty. New Chrysler vehicles are covered by a 3-year or 36,000-mile Basic Limited Warranty. See your dealer for a copy of this limited warranty. Excludes normal maintenance and wear items.

 **Chrysler Auto Insurance.** The only insurance guaranteed to repair your vehicle using Authentic Chrysler Collision Repair Parts by Mopar for as long as you own your Chrysler vehicle, and up to \$100 off your deductible when those repairs are done at a Chrysler dealership — all at rates that are tough to beat. For a free quote, visit www.chryslerautoinsurance.com or call (877) 244-1531 and mention keycode QL8XXX.

 **The Chrysler Gift Gallery** pays tribute to the finer things in life. With everything from men's and women's apparel to accessories and designer collectibles, you are sure to take your style to the next level. View the entire collection of authentic merchandise at chrysler.com/giftgallery.

Chrysler Financial With **Chrysler Financial**, you can get great finance options, competitive rates and flexible payment plans. Learn more about your financing benefits and even submit a credit application at chryslerfinancial.com.

 **Chrysler Service Contracts.** Your Chrysler is one of the most inspiring vehicles on the road. Why not protect your investment with a Chrysler Service Contract or Maintenance Plan? For more information, see your Chrysler dealer, call (800) 442-2666 or visit servicecontracts.chrysler.com.

 **REWARDS VISA** With the **Chrysler Rewards Visa** credit card, you earn points for every purchase you make which can be redeemed for anything at your Chrysler, Jeep or Dodge dealership — all with no annual fee! Visit chryslercreditcard.com for more information on how to apply!

 **SIRIUS** SIRIUS Satellite Radio delivers over 130 channels, including 100% commercial-free music, sports, news, talk, entertainment, traffic and weather. Factory-installed SIRIUS Satellite Radio includes a one-year subscription. For more information, go to sirius.com.

All product illustrations, specifications and competitive comparisons are based upon current information at the time of publication approval. Although descriptions are believed correct, complete accuracy cannot be guaranteed. Chrysler LLC reserves the right to make changes at any time, without notice or obligation, in prices, specifications, equipment, colors and materials, and to change or discontinue models. Some of the equipment shown or described throughout this catalog is available at extra cost and/or may be subject to late availability. See your dealer for the latest information.

THE PROOF

Chrysler engineers create vehicles that let you enjoy your independence, realize your aspirations and express your personal style. Chrysler Sebring is the only vehicle in its class* to offer the following:

▶ Heated/cooled cup holder

▶ YES Essentials® stain resistant, odor resistant, antistatic seat fabric

with available heated front seats

▶ Chrysler Group exclusive MyGIG® Multimedia Infotainment System with Navigation

and MyGIG Multimedia Entertainment system

*Based on 2007 *Automotive News* segmentation.
