

CHRYSLER LE BARON '80

Some people seek adventure where others fail to look. Adventures that give them a freedom of movement they can't feel on the ground. Sky diving. Hang gliding. Sailing the seven seas.

LeBaron Salon for '80 comes as close as you can get to that freedom—and still stay on the ground. LeBaron is more than just a new car. It's a new form.

A form that conveys a vivid impression of what an elegant car should look like. From its new grille and wrapped park lamps to the blazing eagle emblem, LeBaron is quite unlike anything you've seen before.

The clean side styling, sweeping back to the unique taillamps, is further emphasized by the body-side accent stripes. And optional premier wheel covers to complete the look of a prestigious automobile.

LeBaron is as finely sculptured inside as it is out. The instrument panel, with woodtone trim, houses the standard engine temperature, alternator and fuel gauges, plus a trip odometer.

The woodtone expands to the standard two-spoke steering wheel and door trim panels.

Also standard is LeBaron's big car room with one of many seat styles. Like the cloth-and-vinyl split-back bench seat with center armrest featured on the right.

ABOUT THIS CATALOG. We have tried to make this catalog as complete as possible. And we hope you find it useful. However, since the time of printing, some of the information you'll find here may have been updated. Also, some of the equipment shown or described throughout this catalog is available at extra cost. Your dealer has details and you should ask him for current information before ordering.

LeBaron Salon. Quality and Value in a Mid-Size Car.

LeBaron Salon Two-Door LS Limited. The Classic Coupe.

They say you can't improve on perfection, but the LeBaron Salon two-door with the LS Limited Coupe Package may be the exception to that rule.

Every feature, from the classic wire grille with integrated eagle medallion to the rear quarter windows and front fender louvers, is a perfection of design.

A design enhanced by the captivating look of wire wheel covers and unique two-tone paint treatment.

Add to that an optional Handling Package that helps you feel in control of the road—with special Firm-Feel power steering, extra wide wheels, rear sway bar and heavy-duty shock absorbers.

A feeling continued on the inside with high-back cloth bucket seats (on the right), a center console, luxury steering wheel and an instrument cluster (also on the right) with a bright, brushed finish.

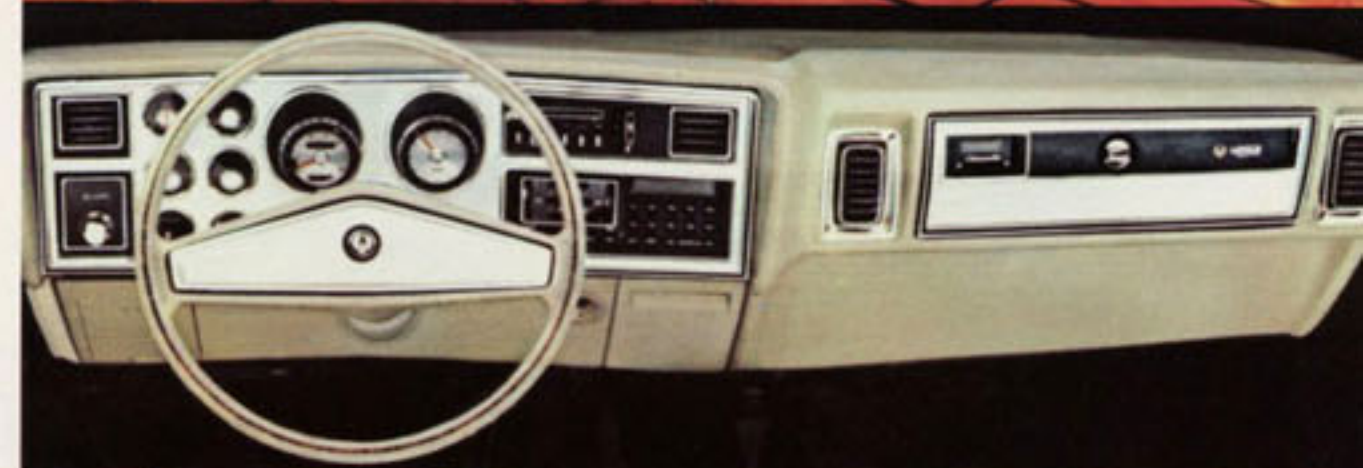

The door trim panels, covered with a cloth insert and brushed-finish molding, add the finishing touch.

LeBaron Salon two-door also offers an LS Package without the two-tone paint treatment. It includes premium wheel covers and cloth high-back bucket seats.

But don't make up your mind until you look at the rest of the LeBaron line—the Medallion series and the wagons.

LeBaron Salon two-door LS Limited. A very special new car.

Since 1980 EPA estimates were unavailable at the time catalog was printed, ask your dealer about current information regarding mpg ratings.

LeBaron Four-Door Medallion. Life at the Top.

Now that you've seen the LeBaron Salon and LeBaron LS Limited, we introduce you to LeBaron Medallion. Our top of the line.

With important standard features of all LeBarons—power steering, power brakes, 225 Slant Six engine, TorqueFlite automatic transmission and radial tires—yet with Medallion's own uniqueness.

Noticeable first, the full-padded vinyl roof with opera lamps. A closer look reveals subtleties like optional wire wheel covers and the unique door appliques.

Then LeBaron four-door Medallion unveils some of its many options.

Illuminating the way are halo lights around each door lock. Shedding more light are new halogen headlamps which increase the lamp output by 25 percent. Of a softer feature, the standard pleasant chime system to remind you of keys left in the ignition and seat belts not buckled.

Air conditioning has been upgraded for 1980 with the addition of optional automatic temperature control; and a new driver-side vanity mirror has been added.

Not necessary to order the color-keyed long-pile carpeting. It's standard. Luxurious carpeting that reaches back to the generous LeBaron trunk. And luxurious standard seating on the 60/40 cloth seats pictured on the right.

LeBaron Medallion. When you've seen the top, it's hard to settle for anything less.

LeBaron brings luxury to the wagon with this striking edition of the Town & Country (on the left). A style unlike most wagons. Simulated white ash moldings and teakwood applique on the front and sides characterize Town & Country. Further defined by features such as optional wire wheel covers and upper door frame moldings.

Or if you wish, LeBaron wagon can be had without the woodgrain trim, as shown on the basic LeBaron pictured on the upper right.

Of particular interest is the generous interior room. 71.8 cubic feet of cargo room with the rear seat down (on the right), with standard cargo carpeting, carries more than enough for most families. But a roof luggage rack is available—just in case!

Easy access to all this room is provided by the optional power liftgate release—a liftgate that can be ordered with the benefit of the new optional washer/wiper system, as seen on the right.

Chrysler's exclusive transverse torsion-bar front suspension with antisway bar cushions the ride—and the soft vinyl standard Town & Country seats (on the right) cushion you. All very comfortable.

LeBaron Town & Country. The name is synonymous with comfort and style.

LeBaron Town & Country Wagon. Upward Mobility.

READY-TO-ORDER FORM Certain models, packages and options are subject to specific restrictions, requirements and late availability. Consult your dealer for current ordering information.
