

2003 MAZDA TRUCK

zoom-zoom

Just for fun, take the road not taken.

There's a lot more exhilaration where this came from.

When we talk about the soul of a sports car in everything we build, we're talking first and foremost about driving exhilaration. Expressed in truck terms, that means power and torque, so you can carry larger loads, tow a bigger boat, climb a higher hill. It means a rugged design so you can play—or work—harder, go farther off the beaten path, go where cars fear to tread. It means high-riding style.

The right equipment, options and accessories. It means a Mazda Truck.

The right choice when you want a Truck with a capital T.

ZOOM-ZOOM

Haul of fame credentials.

What can you take and where can you take it? If those are your first questions about any truck, you'll like our answers: Lots. And nearly anywhere. Thanks to a trio of powerful engines, a choice of 4x2 and 4x4 drivetrains, and Regular Cab, Cab Plus and Cab Plus 4-door models, there's a Mazda Truck that's just right for any job. Want greater towing capacity than Tacoma or Frontier? Then you want a Mazda.

Power for any purpose: Our B4000's 4.0-liter V6 delivers 207 hp and 238 lb-ft of torque. The B3000's 3.0-liter V6 serves up 154 hp and 180 lb-ft of torque. While the B2300's 2.3-liter DOHC 4-cylinder provides 143 hp and 154 lb-ft of torque. A 5-speed stick is standard. A 5-speed automatic transmission is available on all three engines.

Play dirty.

It rained three days this week. The best camping spot in the state is two hills and a muddy, washed-out dirt road away from here. But your Mazda B4000 4x4 Truck is made for those conditions. It has nearly 8 inches of ground clearance, a 28° approach angle and 20° departure angle to get you over rock and hill. You can shift into or out of 4-wheel-drive on the fly (up to 45 mph), so you never need to stop to lock the hubs, and there's a low range for the really rough going. Underbody skid plates protect the fuel tank and transfer case. So the trip's too rough for cars? Too slippery for 2-wheel-drive trucks? Too bad—but not for you. Who said life had to be fair?

Far Left: Easily shift from 2WD to 4WD (at speeds up to 45 mph) with just a quick turn of the convenient dash-mounted control.

Left: Generous ground clearance lets you go places even 4WD cars fear to tread.

With a full range of 4x2 and 4x4 models and three torque-happy engines to choose from, Mazda has the haul of fame credentials you're looking for in a new truck.

The way we see it, comfort can also be exhilarating.

Refined Truck. A contradiction in terms? Not with a Mazda Truck. Here, you'll find both comfort and convenience. Like a 60/40 split-bench seat that's well-shaped and supportive. Air conditioning (std. on most models) is environmentally responsible. A great sound system, sliding rear window and cup holders. Mazda Trucks are tough on the outside, civilized on the inside. But who says you have to let on?

Make yourself comfortable. The high, roomy cab gives you a bird's-eye view of traffic. The logical dashboard design makes controls both easy to reach and use. Rack-and-pinion steering with engine-speed-sensing variable assist is standard, as are tinted glass and an extra 12-volt outlet on the dash. What's not to like?

Fits you like a work glove. Cab Plus and Cab Plus 4 models provide two folding jump seats for extra passengers. And on most models, an AM/FM/CD stereo system with 4 speakers is also standard. So crank up the volume and enjoy the ride to work.

Hard on the competition. Easy on the eye.

An Exciting Past. An Exhilarating Future.

Innovative. Stylish. Fun-to-drive. For more than 40 years, Mazda has dedicated itself to engineering vehicles for drivers who truly savor the "emotion of motion." That fun-to-drive, connected-to-the-road feeling that can turn a simple drive into an exhilarating experience. Which is why you'll find the "soul of a sports car" in every vehicle we make. From the MX-5 Miata and Protegé5 to Tribute and MPV, Mazdas don't look like—or drive like—anything else on the road. There's a Zoom-Zoom factor in their DNA—part engineering, part spirit. We invite you to share the Mazda spirit with us. You'll definitely find yourself in good company.

Mazda RX-8 Coming
Spring/Summer 2003

There's no telling how far Zoom-Zoom can take you. For an experience that's about a million miles away from the ordinary, park your Web browser at www.MazdaUSA.com. You'll not only get to preview two of Mazda's hottest new creations, the exciting MAZDA6 and the adrenaline-pumping Mazda RX-8, you'll also get to "build" the Mazda of your dreams. Select any model, color, options and accessories you like—all interactively. We'll even show you what it looks like, help you request a quote, provide a map to your nearest Mazda dealer, and clue you in on special offers. So pay us a visit. And catch up on all the Zoom-Zoom you've been missing.

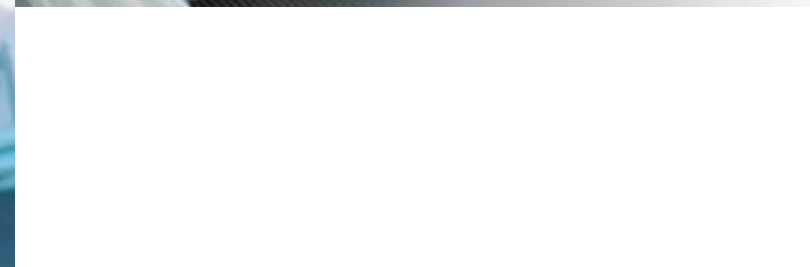

A More Liberating Approach To Owner Peace Of Mind.

To ensure your new Mazda continues to be a source of pride and exhilarating performance for years to come, we created the **Mazda Driver's Assurance Plan**. It starts the minute you pick up the keys to your new Mazda. And it protects your new vehicle with a **36-month/50,000-mile "Bumper-to-Bumper" Limited Warranty**. While under warranty, you're also automatically enrolled in our **24-hour Emergency Roadside Assistance** program to help minimize any inconvenience if an unexpected problem should occur on the road. Equally important, should your Mazda ever require a warranty repair, the **Mazda Service Transportation Solution** can typically make sure you have another vehicle to drive. With the Mazda Driver's Assurance Plan, your time and satisfaction come first. And the welcomed results are an exceptional level of customer care and greater peace of mind. For complete details, see your Mazda dealer.

2003 MAZDA TRUCK | Accessories

Folding storage box provides locking, secure storage for tools and small items. Cover folds open so you can still utilize full length of cargo bed when needed.

Compass and outside temperature auto-dimming mirror automatically dims to reduce glare from headlights of cars behind you. Bright LED readout with compass and outside temperature. Replaces interior rearview mirror.

Side step tubes make it easier to get in or out of the cab. Sleek, custom-fit aluminum bolt-on design. (Black or Silver)

- Front mask
- Carpet floor mats
- All-weather floor mats
- Bed-rail caps
- Bed extender
- Bedliner
- Soft tonneau cover
- Hood bug deflector
- Retractable tie-down hooks
- Retractable tie-down loops
- Trailer hitch
- Tailgate lock
- Wheel locks
- Engine block heater
- Touch-up paint

Fog lights. Give yourself extra visibility in foul weather. Designed for a factory-installed appearance.

All Genuine Mazda Accessories, if installed by a Mazda dealer prior to or at initial vehicle retail delivery, carry the same new-vehicle limited warranty as the Mazda Truck. Ask your dealer for details.

All you need to pull off those big weekend plans.

With a Mazda B3000 Truck and the optional 5-speed automatic transmission you can tow up to 3900 pounds. A Mazda B4000 Truck, similarly equipped, can tow up to 5740 pounds. That's more than Tacoma or Frontier. So if your plans include jet boats, dirt bikes, ATVs or even a Star Mazda racer, get a Mazda Truck. And get all the pull you need.

GVWR = Gross Vehicle Weight Rating; GCWR = Gross Combined Weight Rating; M5 = 5-speed manual; A5 = 5-speed automatic; *Dual Sport; **Base

Payload: Payload weights shown are maximums and must be reduced by the weight of any passengers or optional equipment. **Trailer Weight:** Trailer weights shown are maximums and must be reduced by the weight of any passengers, cargo, hitch, or optional equipment in the towing vehicle. The following equipment may also be required: load-carrying hitch for trailers under 2,000 lb and load-equalizing hitch for trailers over 2,000 lb. Towing a trailer will have an effect on the vehicle's handling, braking, durability, performance, and driving economy. For specific information on recommended or required equipment, see your Mazda dealer. Hitches are available through manufacturers other than Mazda.
